[26 Oct 2018 schedule approval.pdf](#)

Sorry about the subject in that last email. Here is the schedule approval and revised schedule. I will send a signed copy ASAP.

Thanks

Carolyn

Have a great weekend!

Subject: RE: Former USM facility schedule approval

Craig, It's our understanding that it has been about 3 months since any communication with the day-care managers (other than for access) has taken place. In the interest of keeping them informed and maintaining communication, could you please provide us with a draft letter for suite 135C in bldg. 100 and suite 171X in building 600 which (1) summarizes the latest sampling results, (2) your interpretations thereof, and (3) provides the next steps in the IDA contamination evaluation/mitigation process? Alternatively, if you believe that it would be preferable to schedule follow-up conference calls (including Cummings, EPA, and the daycare provider), please provide us with this same information in the form of a proposed summary of information that you would provide for suite 135C and suite 171X. Please send me your draft letters or summaries by November 9th at the latest.

I'd like to hold off on providing further information to the other 2 suites in building 100 until we have had further discussions concerning these suites.

Thank you,
Carolyn

Subject: Former USM facility

Hi Carolyn – Hope you had a good long weekend.

Further to your recent communications, please find enclosed the following:

1. Revised schedule of remaining tasks;
2. Cummings Properties' Response to EPA's Technical Review comments on August 14, 2018 Initial Site Risk Characterization; and
3. Revised Initial Site Risk Characterization, dated October 9, 2018.

Please let me know if you have any questions.

Thank you.

Craig
